AYER'S Catharatic Pills,

(SUGAR COATED)

ARE MADE TO [illegible] THE BLOOD AND CURE THE SICK.

[illegible] Fathers, Mothers, Physicians, [illegible]anthropists, read their Effects, and judge of their Virtues

FOR THE CURE OF

[illegible]he, Sick Headache, Foul Stomach.

[illegible]

ED W PREBLE, Clerk of Steamer Clarion.

[illegible] Disorders and Liver Complaints.

[illegible]

[illegible]O BALL, M D, Physician of the Marine Hospital.

[illegible]sentery, Relax, and Worms.

[illegible] GEO J GRIFFIN, Postmaster

[illegible]stion and Impurity of the Blood.

[illegible] J V HIMES, Pastor of Advent Church, Boston

[illegible] I have used your Pills with extraordinary success and among [illegible] I am called to visit in distress. [illegible] the organs of digestion and purify the blood they [illegible] best remedy I have ever known and I can confidently recommend them to my friends. Yours, J V HIMES.

WARSAW, WYOMING Co, N Y, Oct 24 1855. I am using your Cathartic Pills in my practice and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G MEACHAM, M D.

[illegible]as, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St Louis Feb 4 1856.

Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

[illegible]matism, Neuralgia, and Gout.

From the Rev Dr Hawkes, of the Methodist Epis Church.

PULASKI HOUSE, SAVANNAH GA, Jan 6, 1856. I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse until by the advice of your excellent agent in Baltimore, Dr Mackenzie, I tried your Pills. Their effects were slow but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, La, 5 Dec 1855. I have been entirely cured by your Pills of Rheumatic Gout, a painful disease that had afflicted me for years.

VINCENT SLIDELL.

[illegible]psy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

[illegible]tiveness or Constipation, and as a [illegible], they are agreeable and effectual.

[illegible]ppression, Paralysis, Inflammation, [illegible]ness, and Partial Blindness, have been [illegible] alterative action of these Pills.

[illegible] pills in market contain Mercury, which although [illegible] in skilful hands, is dangerous in a public pill, [illegible] ful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

[illegible]S CHERRY PECTORAL,

FOR THE RAPID CURE OF

COLDS, HOARSENESS, INFLUENZA, [illegible]ONCHITIS, WHOOPING COUGH, [illegible]OUP, ASTHMA, INCIPIENT CONSUMPTION,

[illegible]lief of consumptive patients in advanced stages [illegible].

[illegible] speak to the public of its virtues. Throughout [illegible] almost every hamlet of the American States, [illegible] cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

SATURDAY MORNING, JAN 23, 1864

GROWLING AT SEYMOUR.—The Eugene *Review* in the intensity of its opposition to the war and of its support of treason, is ferocious in its sneers at the Democratic Governor of New York. It calls him, "the meanest nobody in all the States"—and all because he has done part of his duty in securing enlistments in his State, and thus done something towards crushing the rebellion. Such acts in the judgment of the editor of that patriotic sheet, are proof positive of unfitness to be called a Democrat. The *Review* would be pleased and have charity "if Seymour would but hold aloof and not provide the many and essential weapons that he has to the destroyers of the Government. But not content with this, after he has surrendered the weapons he turns around to the great masses of supporters he has so wofully deceived, and solemnly assures them that by yielding power and means to the destroyers, themselves must be crushed under the iron heel of despotism. The fable of the oak that gave to the wood chopper a bit of wood to make a handle for his axe might be read with profit by Govenor Seymour. He has a brain of the first order subjected to the mastery of a heart of leather. In a canvass for office he is a giant, in office under pressure, he is a very inferior article of putty." Poor Seymour! we pity him.

IMPUDENT BOAST.—The *Mountaineer* says that "with possibly an exception, it was the first paper on the Pacific coast to recommend the nomination of President Lincoln for re-election." Perhaps so, if the following article published in that paper last spring, under the caption "*Imbecile Administration*," was designed as a recommendation. We republish it without comment, as a proof of peculiar confidence in the President, written after half his term had expired:

"It is useless for the American people to close their eyes to the fact, that in the midst of a civil war, of unheard magnitude we are cursed with an Administration that fitly can be described as in the last degree imbecile. Without vigor in the management of foreign affairs, and dealing with the rebellion very much as a weak old man would treat an undutiful son, it has descended step by step until now it commands the respect of neither friend nor foe. A divided Cabinet, and an Executive who never rises above the dignity of a stale anecdote, would be a misfortune at any time, but in the present condition of the country the rule, or rather misrule of such, is scarce to be borne. At the East we have unmistakable evidences of restlessness under the management of public affairs, and should the Administration continue in its weak and vacillating course, soon we may expect to hear the people demand that those in power shall give place to men who have some claims to statesmanship."

DEMOCRATIC ARGUMENT.—The Kittaning (Pa.) *Monitor*, has the following:

When the tax Collector comes around with his warrant, when we have to go and buy a stamp to put upon a deed, note &c, when we have to take out a license to buy and sell, when we go to the store and pay forty cents per pound for coffee instead of ten, when we look at our public debt and find it accumulating at the rate of over $2,000,000 per day, when we look at our sons and brothers dragged from their homes to fight in a war they abhor and when we look at the vacant chair or the new made graves of those who have died, let us remember that all these we owe to Abraham Lincoln and the party that supports him.

That is Democratic *argument*, if any man is fool enough to be misled by it, he deserves pity and a guardian, for he is not fit to be a voter or to attend to his own business. What we should like to know, compelled Lincoln and his party to defend the Government? Who attacked our institutions and forced us to fight in their behalf? Were Washington and the Continental Congress the authors of the suffering which attended the war of the Revolution, because they resisted the tyranny of Great Britain? Shame on the lying political traitors, who would destroy their country to increase the strength of Democracy and Slavery—the foes and scourges of Liberty and the Union!

WHO REMOVED McCLELLAN?—The faction of the Democracy which is seeking to make a leader of the discarded General, has a great deal to say about his being a victim of Black Republican jealousy and envy. They might save their breath, if they would recollect—

1. That the man at whose instance he was removed, Gen Halleck, is a democrat; 2. That the man who (under the President) removed him, Secretary Stanton, is a democrat; 3. That the man who succeeded him in command of the Army of the Potomac, Gen. Burnside, is a democrat; and 4. That the man who took Gen. Burnside's place on the latter's promotion, Gen. Hooker, is a democrat. So, it was a democratic piece of business all round, which makes square work of it. If the General is the victim of persecution may we not ask if it is the custom of democrats thus to persecute one another?

WASHINGTON TERRITORY REGIMENT.—We learn that orders have been received from Headquarters for the consolidation of this regiment to five companies. Officers for these will be retained by selection from those now in commission, and the rest will be discharged. None of the field or staff officers will be mustered out of service, except the Colonel.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

LATER FROM THE EAST.

Dates to January 11th.

NEW ORLEANS, Jan [illegible]—Information has reached here from three or four different directions that all the rebel troops which have been operating in Western Louisiana on the Teche [illegible] of the Mississippi and in the [illegible] of the country are gathering in central Texas and uniting to form one large army to attack our new acquisitions on the coast of Texas. They will number at least 20,000 and most ample preparations have been made to meet this force as well as possible with the number of troops in the Department. The 13th corps still remains at New Iberia. Nearly every regiment has re-enlisted.

CONCORD, N H, Jan 8.—The New Hampshire Democratic State Convention met to-day. The attendance was quite large and the proceedings were harmonious. Resolutions generally condemnatory of the policy of the Administration were adopted.

NEW YORK, Jan 10th.—A letter from East Tennessee, dated Dec 15th says our forces have been driven back from Bean Station by Longstreet. Our losses in four days skirmishing, reached about 200 besides a few wagons. Rebel prisoners state that Longstreet has been ordered to take Knoxville at all hazards. Longstreet has 40,000 men. Foster is at Knoxville, and Gen Peck commands in the field.

WASHINGTON, Jan 10th.—It is believed that the rebels will not be able to accomplish anything at present in the Shenandoah valley owing to the inclement weather and the condition of the streams. The Shenandoah river is impassible owing to the floating ice. The movements of our forces have been such as to preclude the possibility of bridge building by the enemy. It is not expected that Early will remain in that section after the present month.

NEW YORK, Jan 10th.—The steamer Yazoo, from New Orleans December 31st has arrived. Another expedition left there on the 10th of December. Its strength and destination were unknown. It was surmised that it was intended eventually for Mobile. It is supposed that Pascagoula will be occupied for the present, and an advance be made on Mobile as soon as the rainy season ends. It rained three days terrifically.

On Sunday morning December 27th, the city was submerged from one to two feet. This lasted near the river for several hours. The streets were still under water back towards the swamps, when the *Yazoo* left.

Guerilla fighting had entirely ceased along on the Mississippi.

There is no army news—nothing from Texas.

CONCORD, Jan 11th.—The Republican State Convention of New Hampshire met at Concord, January 6th.

Governor Gilmore was nominated by acclamation for re-election.

A series of resolutions sustaining the Administration, urging a vigorous prosecution of the war, and declaring Abraham Lincoln the people's choice for re-election to the Presidency, were unanimously adopted.

NEW YORK, Jan 11th.—The steamship *Fulton* from Port Royal January 8th, has arrived. The siege of Charleston is progressing. Twenty shells were thrown into the city on Thursday. The result is not known.

News by the Steamer.

Dates to January 16.

News of January 9th.

NEW YORK, Jan 9.—The *World's* Washington special says but one Senator favored the repeal of the $300 exemption clause, while all the others who spoke opposed such a repeal. The indications are that not one third of the Senators are in favor of the repeal. During the debate an important fact came out—that the terms of enlistment of only 20,000 veteran volunteers expire before the 1st of next July to all our armies.

The ice has rendered Johnson's Island no longer an island, and fears are entertained of a new attempt on the part of the rebel officers at that point to effect an escape. To meet any movement of this kind a large force has has been forwarded to that point.

BALTIMORE, Jan 9.—Ex Gov. Hicks was yesterday elected U. S. Senator to fill the unexpired term of Pierce.

CINCINNATI, Jan 9.—Recruits for the old Indiana regiments are pouring into Indianapolis by hundreds.

Gov. Bramlette of Kentucky sent a message to the Senate yesterday, urging the immediate necessity of raising troops for the defense of the State.

Snow covered the ground at Chattanooga yesterday. Gen. Thomas has issued orders assessing $30,000 on rebel sympathisers living within ten miles of the recent murder of three soldiers near Mulberry, the money to be divided between the families of the soldiers killed.

NEW YORK, Jan. 9.—The *Tribune's* official dispatch says the Committee on Ways and Means was in session to-day, engaged in considering the amendments to the Internal Revenue Bill. It is stated that the Committee advanced the tax on whisky to the figures recommended by the Secretary and the Commissioners—that is to 60 cents per gallon. As they seem disposed to do, an effort will be made in the House to add 40 cents more, making $1 per gallon.

A letter to the *Times* gives an interesting account of an expedition of a negro brigade into North Carolina, the results of which were nearly 3,000 slaves released from bondage, with whom were taken about 350 horse, mule and ox teams, and about 75 saddle horses. The guerrillas lost 13 killed and wounded. Ten dwellings, with many thousand bushels of corn, were burned, besides two distilleries. Four rebel camps were destroyed, one guerrilla was hung, and 100 rifles and a lot of uniforms and equipments fell into our hands. Our loss was 12 killed and wounded, and one taken prisoner. We brought in 14 rebel prisoners and four hostages.

A special dispatch to the *Post* says that Mr. Chase has finally resolved not to issue any more legal tender currency on any contingency. This purpose he openly avows. The one year certificates are depressed, owing to the popular impression that an unusual amount is on the market. The fact is that the redemptions exceed the issue and the amount afloat is rapidly growing less. It is considered certain that no more 5 20's will be issued after the present series is exhausted.

News of January 10th.

NEW YORK, Jan. 10th.—A dispatch from Cumberland, Md., says that official documents containing the plan of the proposed raid by Early, had been captured, from which it appears it was their intention to cut the railroad at Martinsburg and capture our troops between there and New Creek, but Early, finding that Averill was at Martinsburg, gave that expedition up, and sent a force against Petersburg, which also proved a failure. The force was also to capture Cumberland, but that also failed. Very important information has been obtained relative to the rebels command and the avowed intentions of high rebel officers. The weather is very cold at Cumberland. Deserters continue to come in daily bringing important information. The amnesty proclamation has been very favorably received among the rebel soldiers.

The *Herald's* Army of the Potomac correspondent says: It is again rumored that Meade has resigned and Hancock been appointed commander of the army.

News of January 11th.

WASHINGTON, Jan 11.—Senator Sumner will soon introduce a bill to remove the restrictions in the matter of the forfeiture of rebel estate for life only leaving provisions for the future, to be made as provided by the Constitution. This bill will confirm Judge Underwood's decision that the Government has a right to sell in fee simple.

The Committee on Ways and Means will probably recommend a reduction in the naval estimates of $35,000,000 or $40,000,000.

It is thought that the House Committee on Military Affairs will not recommend conferring the title of Lieut General on Gen Grant.

CAIRO, Jan 10.—The Little Rock *[illegible]* of the 28th ult says that Price is 15 miles south of Camden. Marmaduke has been relieved from duty.

FORT SMITH, Jan 6.—Lieut W. A. Britain, 3d Arkansas regiment of a rebel brigade came into our lines to-day with a squad of his command. He left Price's headquarters at Longwood twenty miles west of Camden on Christmas. Gen. Holmes has command of the trans Mississippi department. Price commands the army in the field, which is estimated at 17,000 strong, but Britain says that the entire effective rebel force outside of Texas does not exceed 13,000. Of Price's Missourians only about three or four thousand remain, and but few of these are part of the army. He took of Missouri the veterans of Lexington and Pea Ridge, who are nearly all in their graves. The Missouri troops are Shelby's cavalry and Parson's infantry brigade. Gen Steele has been superseded in the command of the rebel Department of the Indian Territory, by Brig General Maxey.

The rebel troops have issues of only fresh beef and corn meal with one ration of flour per week. They are badly clothed and have no tents, and suffer greatly.

Reports of the Federal successes in Texas and Banks' possession of the Rio Grande, created great gloom among the rebels. Rumors of the issue of President Lincoln's amnesty proclamation were also having an effect throughout the ranks and desertions were frequent. The officers were promising a speedy advance northwards to keep them quiet. Many well informed officers were of opinion that Price would move with one column upon Little Rock, and Maxey with another upon Fort Smith.

The weather here is the coldest ever known. The thermometer has been from 10 to 15 degrees below zero for several days.

News of January 12th.

WASHINGTON, Jan 12.—In the Senate yesterday, McDougall introduced a resolution declaring the occupation of Mexico by the French an act unfriendly to this Government, and demanding the withdrawal of the French army by the 15th of March on pain of a declaration of war. Referred to the Committee on Foreign Affairs where it will probably rest forever, as the chairman is very hostile to anything of the kind.

The total number of colored troops now in the service of the United States is 50,000, with quite as many negroes not armed, in the service of the Quartermaster, Commissary and Engineer Department. The total number of negroes of all ages and conditions which the rebels have so far lost by war, is estimated at least at 500,000.

Thirteen sales of confiscated property yesterday amounted to $35,005.

A bill was introduced by Representative Stevens yesterday but consideration thereof was postponed till February next. It provides that within all the territory of the Confederate States which has been or may be conquered by the Federal arms all the laws and parts of laws permitting slavery are abolished, that slavery shall never again be established within said territory and said territory shall not be admitted in the Union as a State or be represented in Congress except by delegates until the people within the territory forming such State shall by organized law forever prohibit slavery therein.

The bill of Senator Lane of Kansas to set apart a portion of the State of Texas for the use of persons of African descent, assigns them the region between the Colorado and the Rio Grande in Texas, in which they will be allowed the privilege of the Homestead law. The officer in charge of emigration, hereafter to be appointed by the President, is charged with the execution of the act and appropriations heretofore made for colonization purposes are placed in the hands of the President to carry the provisions into effect.

NEW YORK, Jan 12.—The *Tribune's* Morris Island correspondent says that the rebels have in Charleston harbor two ironclad steamers close imitations of the *New Ironsides* and *Dunderberg*.

Charleston takes fire and burns apace from the effect of the bombardment. The fires always spread and burns for hours. At one time, last Sunday, they burned eight hours in one issue.

The obstructions hauled away from the beach of Morris Island are 16 bars of iron rails, the obstructions having been removed by natural causes. Nothing now prevents the taking of Charleston when the Admiral wills it.

In a postscript the correspondent adds: The rebels have three ironclads building at Charleston. Two of them on the *Dunderberg* plan.

It is said that Secretary Chase contemplates the issue of ten and forty year bonds when the present stores of 5-20's are exhausted and in order to meet the demands upon him for payment of veteran bounties, will resort to a loan and the continued issue of 5 per cent interest bearing notes.

NEW YORK, Jan 11.—The *Times'* Washington correspondent says that at least 5 major generals and over 20 brigadiers will be restored to civil life, by consent of the Senate.

Gen Meade, though absent is in constant communication with the Army of the Potomac, and commands it by telegraph.

The *Herald's* Folly Island correspondent says that Col Ball's experiments to obviate the explosion of Greek fire shells till the proper moment have succeeded. It is not improbable that a persistent bombardment of Charleston will soon be opened. No one doubts our ability to destroy the city when ever we desire.

SALT LAKE CITY, Jan 12.—Jason Luce the murderer of Bunton, was executed at noon to-day, in the Court House yard, in presence of several witnesses. Ten shots were simultaneously given, five blank and five with ball. The five balls entered his left breast and he died at once. Luce was cool and self possessed to the last, and made a few remarks to the audience.

NEW YORK, Jan 12.—A fleet of nine light draft gunboats, for Admiral Farragut, carrying two and three rifled guns each, will sail in a few days.

The *Herald* contains an intercepted rebel letter of December 31st, which says "Longstreet's forces have joined Lee. The latter has matured and is about to consummate a series of manœuvres, and albeit blood battles too." The writer adds "The day cannot be far off when we shall embrace each other in Maryland, in the old homestead in Baltimore, beneath the victorious cross of the free, recognized South."

An Army of the Potomac dispatch says Commissaries are issuing undiminished rations, which proves that the army has not been depleted by furloughs.

It is believed that the House Committee on Elections will report against the cases of the gentlemen claiming seats from Eastern Virginia.

ST LOUIS, Jan 12.—The *Republican's* Memphis correspondent says: Two important propositions have recently been made by the rebel authorities to the Federal Government. The first is from the Quartermaster of the Confederate army at Hernando acting by authority from the Richmond officials, who has offered to sell to Gen. Grant or Gen. Hurlbut all the cotton now remaining within a certain district outside the Federal lines. This offer embraces 15,000 bales, and is all Confederate cotton. Greenbacks will be taken for it. It is said that Gen. Hurlbut is in favor of the purchase, and has recommended it be carried into effect. The second offer comes from Kirby Smith, who it is stated recently sent an authorized messenger to Washington to propose to furnish every requisite authority to get out all the cotton in that portion of the Red river and Washita districts within the rebel control—the money for the same to be paid to the heads of [illegible] excepted from the amnesty offer by President Lincoln. They to retire from the rebel army and go to Mexico. The *Republican* says editorially: Of the correctness of the information we have no doubt for it comes from a source likely to have the best means of information also that this would involve the complete disbandment of the rebel forces in Arkansas, Mississippi and Texas, and the immediate return of those States to the Union.

News of January 13th.

WASHINGTON, January 13th.—A delegation from Arkansas is expected to-day or to-morrow. They come fully endorsed by Gen. Steele, in command of the military forces in that State. He says in a letter to Congressman St[illegible], that although there are some who would like to hold slave property, yet it seems apparent to all that slavery is a bygone institution and cannot be re-established there.

At a meeting of the opposition members of Congress the following resolution was passed:

Resolved, That we are for the restoration of all the States to the Union and patriotism and true statesmanship demands that such policy should be pursued towards the people of those States in which [illegible] as will [illegible] bring this expensive and exhausting war in which we are now engaged to [illegible] restore said States to the Union and under the Constitution, with all the constitutional rights of the people unaltered.

The U. S. Marshal of this District has seized for confiscation all the property in Washington belonging to ex Senator Polk. Also the estate of Smith, son late banker of this city, now in the penitentiary for treasonable practices.

NEW YORK, Jan 1[illegible].—At a meeting of the Democratic National Committee last night it was unanimously voted to hold a National Convention at Chicago on the 4th of July.

The *Times* special dispatch says Gen Hancock has gone North to arrange measures in the several States where his corps were recruited to increase its number to 50,000, the whole to be destined for special service. Burnside has authority to do the same.

A Washington letter to the *Tribune* says that the rebel Capital is to be removed to Columbia, South Carolina. The writer is a Union man lately from the South, where he had been a clerk in the rebel War Department. He also says that the gunboats and ironclads at Richmond are [illegible] ready for service. On the 17th [illegible] ordered to make a demonstration on Hampton Roads but after proceeding a few miles below Drury's Bluffs the order was countermanded.

A special to the *Herald* says that [illegible] rebel army cotton as frequent as [illegible] ... [illegible] regiment had made arrangements [illegible] on Friday night if they were placed at picket duty, but the opportunity was not [illegible]—probably because the design was not known.

Dispatches from Gen. Kelly's Department of West Virginia accounts report Gen. Early falling back up the Shenandoah and all fears from him are at an end.

Affairs in East Tennessee are exciting. A heavy engagement occurred near Strawberry Plains on Sunday. The enemy were repulsed with serious loss.

The dispatch also states that our late repulse at Bean's Station was trifling.

It is known that the war tax on refined petroleum to [illegible] not less than 20 per cent, will be recommended by the committee on ways and means. Crude oil will probably not be taxed.

CHICAGO, Jan 12th.—The bill which passed the Senate yesterday extends the time for the bounty to March 1st and it is presumed that the draft has been postponed until that time.

The Iowa Legislature organized yesterday. The Governor's message endorses the entire policy of the Administration and considers the terms and conditions of the President's proclamation as eminently just and liberal to those to whom they are offered and such as the permanent peace of the country requires.

A letter from Judge Advocate Gen. Holt has just been published which says the President holds that the amnesty offered by proclamation does not extend to prisoners of war nor to persons suffering punishment under sentence of military courts, or on trial or under charges for military offences.

A Chattanooga dispatch of the 11th says: Longstreet is reported to be fortifying at Bull's Gap. It is rumored that he is reinforced by 12,000 infantry. His entire force is now estimated at 46,000 men of which 12,000 are cavalry.

A dispatch from Newbern, N. C., the 11th, says: The *Times*, a new loyal paper published here, says the people of the State are ripe for a revolt upon the rebel Government. The leaders of the movement advocate a separate sovereignty though boldly avowing a return to the Union as preferable to the present state of affairs in Dixie.

CHICAGO, Jan 12th.—Georgia letters of Dec 28 represent the rebel army as quietly encamped near Dalton and Tunnel Hill recovering from their late defeat. Deserters report that Johnston is very active collecting stragglers and deserters and reorganizing his army. His cavalry are scouring the valleys and mountains in search of deserters, very few of whom are recovered. They are daily making their way to our lines. Among the poorer classes of the region there exists a fearful state of destitution. Denunciations of the rebellion and the rebel Government are loud and emphatic, especially where there are no military over them. An intelligent refugee from the interior of the State says that fully two thirds of the population, if allowed a fair expression of opinion would elect Union men. Thousands of Union men are serving against their will in the Georgia militia, who, if opportunity offered would desert their sinking ship, and swell the ranks of the Federal army.

BOSTON, Jan 13th.—Letters received in this city from a clergyman who established himself at Charleston with his family a short time before the rebellion give touching details of the anguish and suffering of the inhabitants of that place, many of whom hope and pray for redemption, even at the hands of the Yankees. In his opinion the time is rapidly approaching when it will be found necessary to give up the city to save the people from absolute starvation. Of course all who can will leave the place, but many have not the means, neither have they any place of refuge.

PHILADELPHIA, January 13th.—Last night Gen Meade made a brief speech, urging his hearers to use every effort to fill the ranks before spring, as the only means to put an end to the rebellion the present year.

News of January 14th.

FORTRESS MONROE, Jan 14.—The steamer *Newbern* has arrived from off Wilmington, N. C.

She left the fleet on Monday last at which time the gunboat *Iron Age* grounded, and was under fire of the rebel land batteries on the eastern shore at the entrance of Wilmington harbor. The *Minnesota* had moved to her assistance.

NEW YORK, Jan 14th.—Special dispatches from Sandusky, the 13th, report the arrival of Gen Terry and staff, with the First Brigade of the Third Division of the Sixth Army Corps. A portion of the troops have crossed the bay on the ice to Johnson's Island. Some of the rebel prisoners have lately manifested considerable boldness, even to naming the day on which they intend to reach Canada.

Washington dispatches say that the entire tone of foreign news is improving, but new and grave difficulties are likely to occur between Japan and the Western Powers.

The names of Bishops Bailey, Timon and McCloskey have been sent home for succession to the Archbishopric (in room of Hughes).

The Military committees of both Houses met yesterday to confer upon the Conscription bill. The House Committee unanimously recommended the commutation clause, so did Senator Wilson. Other Senators opposed it.

The impression prevails that Senator Davis of Ky., will not be expelled. His course is disapproved by the Senate.

The rebel Government declines to assent to the scheme proposed by the Richmond papers to make the wealthy men turn their silver plate and jewels into the treasury.

The same correspondent says Lee's present force does not exceed 35,000. The Shenandoah force is to procure subsistence, and also preparatory to a plan of operations which will probably not come to light before the beginning of the next campaign.

CHICAGO, January 11.—A Washington letter of the 11th says that the Republicans in both houses of the Pennsylvania Legislature have, on joint ballot nominated Abraham Lincoln for the next President. Resolutions with a preamble engrossed on parchment, have been committed to Simon Cameron, to take to Washington and present the same to the President.

WASHINGTON, January 13.—The Secretary of War informed Congress that there are now in the army 11 Major Generals and 11 Brigadier Generals unemployed. The staff officers unemployed number 25. Their total monthly pay amounts to $[illegible]. The general officers disabled by disease number 8. The general officer on duty not in the field number 39.

TRENTON, N. J., January 13.—Governor Parker's message was delivered to-day. He disapproves of the President's Amnesty Proclamation, urging for conciliatory measures the restoration of the State governments as they existed before the rebellion. He also disapproves of the Emancipation Proclamation as an obstacle in the way of peace.

LEAVENWORTH, January 13.—The Kansas Legislature was organized yesterday by the election of [illegible].

NEW YORK, January 15.—A special dispatch from Washington to the *Post* says the House will insist that the price of commutation, under the Enrollment Act shall not be over $30[illegible].

NEW YORK, January 15.—A special to the *Post* [illegible] and Baltimore *American* announces that 1000 boxes in [illegible] have been sent to our prisoners at Richmond. It is represented that our prisoners are now suffering from want of [illegible].

COLUMBUS, Ohio, January 14.—Information has reached here that the rebels in [illegible] in a design to attack on Put in bay [illegible] other places in that vicinity. A military force has been despatched to the scene of danger. The rebels will receive a warm reception should they attempt to carry out their intentions.

A courier received to night from the Army of the Potomac says: It is reported that the movements of Stuart create no alarm, as it is not believed that he has a sufficient number of men even for less arduous duty than a campaign on our right. A considerable number of Congressmen are sick, not many of them seriously, however.

The steamer *Moonlight* from Matamoras on the 1st has arrived. About seventy five vessels were standing off; the weather was so bad.

The *Post* has the following which savors somewhat of humbug: Union refugees who arrived in this city recently from Richmond, assert that on Christmas morning, at an early hour persons passing by the house of Jeff Davis were surprised to see standing in front of the door, a coffin, with a representation of fantastically laid out [illegible]. These articles were taken away as soon as discovered by the servants, but they were seen by many persons.

The Danish Ministry had tendered their resignation which were accepted by the King.

It is also reported that England had taken a decided stand against the Federal (German) occupation of Schleswig and if carried out would assist Denmark.

The London *Times* says the Schleswig Holstein question has reached a crisis in which the only hope of peace lies in the moderation of the Great German Powers, and their checking of Holstein agitations.

The London *Daily News* states that Germany, if she encourages war, does so at a greater risk than any other country in Europe.

It says Denmark can retreat no further, and if the German troops attempt to cross the Eider, it will be an act of war, and the British Government will resent. The *Post* says the British Cabinet has warned the Diet against a departure from the treaty of 1852.

The *Dag Blaadt* denounces the attitude of England and Russia, and says Denmark appears to have no choice but war.

The Southampton Inquiry into the equipment and departure of the steamer *Rappahannock* from Sheerness exonerates the officials. All the mechanics engaged on her have been dismissed, and measures have been taken to prevent a similar occurrence.

The *Times* protests against the Federal [illegible] England.

The *Post* says that late news by private letters and otherwise from Italy, gives information of an agitation here on the Venitian question. Garibaldi has issued a proclamation from Caprera urging the people to be faithful to the leadership of Victor Emanuel. The army is permeated with the idea of a speedy war.

In Venice the opening of the spring of '64 is being looked to as a signal for the beginning of the final effort to make Italy free. In fact as well as in name, the next few months may bring us most exciting intelligence from Rome and Venice.

The King of Italy in his New Year's address said that '64 might bring about events giving the [illegible] unity to Italy.

Napoleon received the Diplomatic Corps on the 1st of January. The Papal Nuncio presented his good wishes to the Emperor, thanked the Corps for their good will and said they were happy men. CITY.

THE PACIFIC arrived from San Francisco via Victoria, at half past eight o'clock last [illegible]. The following is her list of passengers:

[illegible] Angelo, Mrs M Bride and two children, Hattie Hel[illegible], J Odell, Wm P Erwin, Niel, John Mullen, [illegible] H Leach, Thos Eakin, wife and two children, J [illegible] [illegible] Spencer, [illegible] M Irvin and wife, J P Kline, [illegible] [illegible] Cook, Thos Britt, Frank M [illegible] [illegible] O W Vaughn and daughter, John Sheridan, [illegible] Wm E Hunt, Mrs J Oliver, L J Swart, S M [illegible] Woodward, R H Hathaway, L Goodman, H Swi[illegible] [illegible] and two children, M S Hervey, Wm Comegys, [illegible] Herman, Chas Beak, J Melvin, Goebler, [illegible] and wife, H Goldberg, J H Lord, W, F & C, [illegible] and 45 others.

A FOUNDLING.—About five o'clock yesterday morning a babe was found in the door yard of one of our citizens, on the corner of Third and Taylor streets. It was in a new basket, wrapped in paper, without clothing and in a perishing condition. The family kindly took it in, and it is doing well. A note accompanied the basket, saying, in effect that it was left there knowing it would be taken care of.

THE TURF.—A large number of persons attended the Union Course yesterday, anticipating not a little sport, from the announcement that a three miles race, at a single dash, was to come off—one of the horses to go without a rider. The day was favorable, but the arrangement somehow fizzled, and after considerable bickering a match for one mile, single heat, was made up with the following result:

Mr Smith, b g, *Soldier*	. . . .	1
Mr Fickle, g g, *Walla Walla Chief*		2

Time—not taken.

The disappointment of the crowd was intense and some were free in the use of words of denunciation, provoked by the course of the managers of the race. The track was in very good condition.

ADVENT OF A YOUTHFUL PRODIGY.—A Snake Indian baby, who was taken from the bosom of his dead mother, during the Indian war in the Boise country, and carried in the arms of Mr Bledsoe, to Bannock City, a distance of over one hundred miles, has been giving entertainments of a surprising character to the people of the interior, and gives an exhibition at the Dalles to night. We understand that he will be brought to this city on the next down steamer.

GAY AGAIN.—The weather took another turn yesterday morning, and was pleasant again. Everybody was in good humor, and "smiles" greeted us upon every corner. An old resident informs us that, notwithstanding such weather is [illegible] to have, it is in reality no benefit to us, as buds are [illegible] beginning to start on peach, plum and cherry trees, and a little frost would materially lessen the prospects of a good crop.

THE PIONEER.—Mr. Arri[illegible] is really putting things through, in the way of repairs about this popular House, [illegible] which when completed, will be of great benefit to the premises.

MORE PUGILISM.—We have to record another "set to," which occurred on Washington street yesterday, this time between two prominent men of business. Several scratches and a black eye were the only casualties.

SOMETHING REMARKABLE.—There has not been a case in the Recorder's Court since the 15th, at which time there was three. There is something remarkable about this. When a week can pass without any Police business in Portland it *must* be a quiet time. More than this, there are no civil suits.

DEAD.—We learn that the wounded Spokane is dead. A party of *mourners* passed up Eighth street yesterday morning, weeping and wailing, from the scene of the riot, with their packs strapped upon their backs, and thus we suppose the fracas has ended.

TO ARRIVE TO DAY.—The vessel reported by the *Couch* as lying at anchor outside the Columbia river bar, on Tuesday, is thought to be the barkentine *Jane A. Falkenburg*, Capt Wiggin, and may be expected in tow of the Astoria mail steamer this evening.

NEW CIDER FACTORY.—By reference to our advertising columns, it will be perceived that Messrs. Welch & Watson have commenced the manufacture of cider at their place on Front street, between Madison and Main. They make a tip top article, and what's better, it's the native produce of this State.

HEAVY.—The *Hunt* brought down about ten pounds of dust and half a dozen passengers, last night.

ELECTION OF OFFICERS.—The Bannock Gold and Silver Mining Company have elected D. F. Bradford President, Lloyd Brooke Vice President, and Geo. W. Murray Secretary.

Mr. A. B. Richardson will sell to day at the Court House door, in this city, a valuable block of city lots, well located, and suitable for private residences, to which the title is undisputed.

LUDICROUS POSITION.—A lady passing on First street yesterday, had her bonnet spoiled under very peculiar circumstances. A milkman passed with his wagon in such haste as to put to flight a flock of geese near by, when, taking the course of the lady, one actually lit upon the crown of her bonnet.

[illegible] steamer *Pacific*, will sail for San Francisco [illegible] at 8 P. M. to-day.

FISH FROM VICTORIA.—A fine lot of [illegible] Herring and other varieties of [illegible], at the Portland Market this morning.

We thank Mr. McCormick for his usual supply of excellent reading matter, which arrived on the *Pacific*. His counters are full this morning.

C. Barrett received by steamer a fine lot of Eastern and Foreign Magazines, etc, etc.

See Theatre advertisement.

A note accompanied the basket, saying, in effect, that it was left there knowing it would be taken care of.

The Turf.—A large number of persons attended the Union Course yesterday, anticipating not a little sport, from the announcement that a three mile race, at a single dash was to come off—one of the horses to go without a rider. The day was favorable, but the arrangement somehow fizzled, and after considerable bickering a match for one mile, single dash, was made up with the following result:

Mr. Smith, b g, *Soldier* … 1
Mr. Pickle, g g, *Walla Walla Chief* … 2

Time—not taken.

The disappointment of the crowd was intense and some were free in the use of words of denunciation, provoked by the course of the managers of the race. The track was in very good condition.

Advent of a Youthful Prodigy.—A Snake Indian baby, who was taken from the bosom of its dead mother, during the Indian war in the Boise country, and carried in the arms of Mr. Bledsoe, to Bannock City, a distance of some one hundred miles, has been giving entertainments of a surprising character to the people of the interior, and gives an exhibition at the Dalles to night. We understand that it will be brought to this city on the next down steamer.

Gay Again.—The weather took another turn yesterday morning, and was pleasant again. Everybody was in good humor, and "smiles" greeted us upon every corner. An old resident informs us that, notwithstanding such weather is … to have, it is in reality no benefit to us, as buds are be… ning to start on peach, plum and cherry tr… and a little frost would materially lessen … prospects of a good crop.

The Pioneer.—Mr. Arri… really putting things through, in the … of repairs about this popular House, … ich, when completed, will be of gre… efit to the premises.

More Pugilism.—We have … record another "set to," … urred on Washington street yesterday, this time between two prominent men of business. Several scratches and a black eye were the only casualties.

Something Remarkable.—There has not been a case in the Recorder's Court since the 13th, at which time there was three. There is something remarkable about this. When a week can pass without any Police business in Portland it *must* be a quiet time. More than this, there are no civil suits.

Dead.—We learn that the wounded Spokane is dead. A party of *mourners* passed up Eighth street yesterday morning, weeping and wailing, from the scene of the riot, with their packs strapped upon their backs, and thus we suppose the fracas has ended.

To Arrive To Day.—The vessel reported by the *Couch* as lying at anchor outside the Columbia river bar, on Tuesday, is thought to be the barkentine *Jane A. Falkenburg*, Capt. Wiggin, and may be expected in tow of the Astoria mail steamer this evening.

New Cider Factory.—By reference to our advertising columns, it will be perceived that Messrs. Welch & Watson have commenced the manufacture of cider at their place on Front street, between Madison and Main. They make a tip top article, and what 's better, it 's the native pro juice of this State.

Heavy.—The *Hunt* brought down about ten pounds of dust and half a dozen passengers, last night.

Election of Officers.—The Bannock Gold and Silver Mining Company have elected D. P. Bradford President, Lloyd Brooke Vice President, and Geo. W. Murray Secretary.

Mr. A. B. Richardson will sell to day at the Court House door, in this city, a valuable block of city lots, well located, and suitable for private residences, to which the title is undisputed.

Ludicrous Position.—A lady passing on First street yesterday, had her bonnet spoiled under very peculiar circumstances. A milk man passed with his wagon in such haste as to put to flight a flock of geese near by, when taking the course of the lady, one actually lit upon the crown of her bonnet.

The steamer *Pacific*, will sail for San Francisco, at 8 P. M. to-day.

Fish from Victoria.—A fine lot of Herring and other varieties of fish, at the Portland Market this morning.

We thank Mr. McCormick for his usual supply of excellent reading matter which arrived on the *Pacific*. His counters are full this morning.

C. Barrett received by steamer a fine lot of Eastern and Foreign Magazines, etc., etc.

See Theatre advertisement.

Congressional.

Washington, Jan 11.—In the House Mr … introduced a bill providing for the payment for the loss and destruction of property of … citizens by the … United States during the … rebellion.

Mr. … introduced a bill for the construction of ships and connecting the Mississippi with the lakes.

Mr. Wilson introduced a bill requiring the … of damages … at Lawrence and other places in Kansas, by guerrillas.

Washington, Jan 14.—Senator Wade introduced a joint resolution which was passed for … Committee on the Conduct of the War, to consist of three members of each House.

Washington, Jan 14.—The Senate took up the enrollment bill.

Mr. Sherman's amendment came up which strikes out section four of the original bill and provides that persons furnishing substitutes shall be liable to the draft on future calls and raises the commutation to $… .

Mr. Howard's motion retaining the $300 clause of the … bill was adopted by 25 to 14—in lieu of Sherman's amendment.

Mr. Wilkinson introduced a bill to extend the Northern Indian Department so that it may include the Territory of Dacotah, which was referred to the Committee on Territories.

Washington, Jan 15.—In the Senate to day the Committee of the Whole proceeded to the consideration of the Enrollment bill.

Senator Doolittle proposed an amendment prohibiting enlisted men from serving as substitutes except in regiments from the State where they first enlisted. Adopted.

Leave was granted to withdraw the amendment allowing volunteers to furnish substitutes.

Yesterday, in Committee of the Whole Senator Nesmith moved that the Senate rescind its action of yesterday in relation to the $300 commutation clause. The proposition was rejected.

Senator Doolittle moved … amend by making persons who have resided in the United States one year and who have … ted citizens. Adopted.

Senator Sherman renewed the amendment to substitute $500 instead of $400 as the maximum for commutation.

Several other amendments were offered, but without taking any action the Senate adjourned.

The Committee on Reconstruction in rebel States will very soon report a bill.

Congress introduced a bill amendatory of the Homestead Law and for other purposes. He … presented a resolution of inquiry as to the future of the Overland Mail to California for the two last months.

WE THINK THERE IS no Medicine so effectual in removing humors from the blood as SCOVILL'S BLOOD AND LIVER SYRUP. It is recommended by Physicians in all parts of the country, for the cure of Scrofula, etc. Pimples or sores indicate that the system is out of order. Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease such as Scrofula, Syphilitic, etc. Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood and Liver Syrup.

Human Angels

Hand in hand with angels
Through the world we go
Brighter eyes are on us
Than we blind ones know
Tenderer voices cheer us
Than we deaf will own—
Never walking heavenward
Can we walk alone

Hand in hand with angels
In the busy street
By the winter hearth fires
Everywhere we meet—
Though unfledged and songless—
Birds of Paradise
Heaven looks at us daily
Out of human eyes

Hand in hand with angels,
Walking every day
How the chain may lengthen,
None of us may say
Yet we know it reaches
From earth's lowliest ones
To the lofty seraph
Standing in the sun

Hand in hand with angels
Blessed so to be
Helped are all the helpers—
Giving light they see
He who aids another
Blesses more than ye—
Sinking earth he grapples
To the Great White Throne

THE RETORT RIGHTEOUS—"*True Bill*."— In one of the upper townships of this county reside two farmers, whose places are separated by a small creek. They are well to do people, but diametrically opposed in politics and each noted for the zeal with which he defends his sentiments, M—— being a straight, uncompromising Union man, and S—— a regular copperhead. Meeting previous to the election, a few days, S—— accosted his neighbor, saying

"How is it, friend M——, I hear there is a prevalent disease over on your side of the creek?"

"Ah!" said M——, "what is the disease?"

"Nigger on the brain!" replied S——.

"Well," said M——, "that is a mere trifle, compared with the malady existing on the other side."

"Indeed!" exclaimed S——, "and pray what can that be?"

"Traitor to the heart!" retorted M——.

CONCLUSION OF A HARD SHELL SERMON.—"My brethren and sistern! ef a man's full of religion you can't hurt him! There was the three Arabian children, they put 'em in a fiery furnace, hetted seven times hotter than it could be het, and it didn't singe a hair on their heads! and there was John Evangeler they put him—and where do you think, brethering and sistern, they put *him*? Why they put him into a caladronis of bilin ile and biled him all night, and didn't *faze* his shell! And there was Dan'el, they put him into a lion's den—and what, my fellow travelers and suspected auditors, do you think he was put into the lion's den, for? Why, for praying three times a day. Don't be alarmed my brethering and sistern, I don't think any of *you* will ever get into a lion's den!"

EXCOMMUNICATING THE FLIES.—When St. Bernard came to the dedication of the Church of Foigny, it happened that an incredible multitude of flies filled the place, and their noise and flying about became an intolerable nuisance to those who entered. As no remedy seemed at hand, the Saint said 'I excommunicate them," and in the morning they were all found dead. They covered the whole pavement, and were shoveled out with spades and so the church was rid of them. This miracle was so known and celebrated, that among the neighbors—a large concourse of whom had been present at the dedication—the cursing of the Foigny flies passed into a proverb.—*Morison's Life of St Bernard*

JUDGES AND WITNESSES.—It is odd that it never occurred to judges that a witness who is naturally timid will be made more so by being scolded. When I hear a judge thus use his authority, I always wish I had the power of forcing him to some very uncongenial employment—jumping in a sack, let us say—and when he jumped poorly as he certainly would, I would crack my whip and bid him go higher; the more I so bid him the more he would limp, and the world looking on would pity him and execrate me. It is much the same thing when a witness is told to speak louder.—*Orley Farm*

EXPENSIVE GROUSE SHOOTING.—A sportsman, in the Highlands of Scotland, less expert than extravagant, was seated with his servant on a rock consoling themselves under the fatigue and disappointment of unsuccessful pursuit. The master said "Well, Pat, this is expensive work. I've been calculating that every one of these birds cost me above £50."

"Faith, your honor," says Pat, throwing a dash of humor into the sympathizing simplicity of his reply; "I am sorry for that, but it's lucky there's no more of them."

A gentleman once fell from his horse and injured his thumb. The pain increasing, he was obliged to send for a surgeon. One day the doctor was unable to visit him, and sent his son instead. "Have you seen the old gentleman?" said the father in the evening.

"Yes," replied the young man, "and I drew out a thorn which I ascertained was the cause of his agony."

"Fool!" cried his father, "I trusted you had more sense. Now there is an end to that job."

CAN A BODY EAT WITH 'EM?—An elderly lady who was handling a pair of artificial plates in a dental office, and admiring the fluency with which the dentist described them, asked him—

"Can a body eat with these things?"

"My dear madam, mastication can be performed by them with a facility scarcely equalled by nature herself," responded the dentist.

"Yes, I know, but can a body eat with 'em?" replied the woman.

The Lewiston (Me.) *Journal* says that a lady in that town lost an infant child, a short time since, and came out in deep mourning. When asked why she put on mourning for the death of an infant child, she replied, "No, I didn't put on mourning for the child alone, but my husband is ailing, and I don't think he will live long, so I thought I would be prepared."

A schoolmaster who had an inveterate habit of talking to himself while alone, was asked by a neighbor what motive he could have in talking to himself. Jonathan replied that he had two good and substantial reasons—in the first place, he liked to talk to a sensible man, and in the second place, he liked to hear a sensible man talk.

"Annett, my dear, what country is opposite to us on the globe?"

"Don't know, sir."

"Well," said the perplexed teacher, "if I were to bore a hole through the earth, and you were to go in at this end, where would you come out?"

"Out of the hole, sir."

Adjectives are to nouns what pepper, salt, mustard, vinegar, sugar, molasses, butter and other condiments are to the food we eat—very good in moderation, and when appropriately applied.

PORTLAND,

AYER'S
Cathartic Pills,

(SUGAR COATED)
ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK
Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, Pa, May 1 1855.
DR J C AYER. Sir I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.
Yours with great respect,
ED W PREBLE, *Clerk of Steamer Clarion*.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D C, 7 Feb, 1856.
SIR I have used your Pills in my general and hospital practice ever since you made them and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.
Fraternally yours,
ALONZO BALL, M D, *Physician of the Marine Hospital*.

Dysentery, Relax, and Worms.

POST OFFICE HARTLAND, LIV. Co, MICH, Nov 15, 1855.
DR AYER Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills and lost much time, without being cured entirely even then. Such a medicine as yours which is actually good and honest, will be prized here.
GEO J GRIFFIN, *Postmaster*.

Indigestion and Impurity of the Blood.

From Rev J V Himes, Pastor of Advent Church, Boston.
DR AYER I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J V HIMES.

WARSAW, WYOMING Co, N Y, Oct 24, 1855.
DEAR SIR I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.
JOHN G MEACHAM, M D

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St Louis, Feb 4, 1856.
DR AYER Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.
ASA MORGRIDGE

Rheumatism, Neuralgia, and Gout.

From the Rev Dr Hawkes, of the Methodist Epis. Church.
PULASKI HOUSE, SAVANNAH, Ga, Jan. 6, 1856.
HONORED SIR I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, La, 5 Dec, 1855.
DR AYER I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.
VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure
